SMART®

Give everyone the chance to contribute.

Stronger ideas emerge when everyone shares their perspective. Wireless screen-sharing on the SMART Board 2000 Pro series makes it easy for colleagues to show whatever is on their iOS, Android and Microsoft devices. It's ready to go right out of the box – no apps, wires or extra hardware necessary. Even better, presentations and websites look amazing in crisp, 4K Ultra HD resolution.

Features

Wireless screen-sharing

Colleagues can show whatever is on their iOS (AirPlay), Android (Google Cast) and Microsoft devices (Miracast), and laptops on the display with a few easy taps.
