

Breathtaking HDR Entertainment for the Ultimate Video Enjoyment

EW3270U showcases High Dynamic Range for dazzling brightness with stark contrast for deep blacks and wide color range for intense video performance.

BenQ Monitor EW3270U

Maximizing the popularity of latest HDR entertainment content, EW3270U leverages VA panel with high 3000:1 native contrast, 95% DCI-P3 wide color gamut, and 300-nit enhanced brightness to deliver immersive multimedia enjoyment, safeguarded by industry-leading eye care technology and modern design.

Because it matters

BenQ Monitor EW3270U

Breakthrough Video Quality for Hyper Realistic Entertainment

UHD HDR Support for Brilliant Brightness and Deep Contrast

High Dynamic Range (HDR) and Cinema HDR Mode increase the overall dynamic range between true black and bright white to resemble what your eyes see in the natural world.

- To view HDR content, please use the provided HDMI cable, a high speed HDMI cable, or premium high speed HDMI certified cable.
- HDR function supports HDR10 content.
- For Non-HDR content, user can also activate HDR mode. EW3270U will provide emulated HDR performance for better viewing experience.

Advanced Panel and Color Technology to Enhance HDR Quality

3000:1 Ultra-High Native Contrast for Depth and Definition

Ultra-high 3000:1 native contrast, 3X higher than normal panels, adds stunning color depth and detail to dark images with exquisite subtlety and clarity.

95% DCI-P3 Coverage for Authentic Digital Cinema Color

EW3270U covers 100% of Rec. 709 and 95% of DCI-P3 standards to ensure HDTV and Digital Cinema accuracy to match your defined authentic colors.

Elegant Ultra Slim Design with Powerful Functionality

EW3270U brings HDR together with Brightness Intelligence Plus Technology (B.I.+ Tech) to balance maximum contrast and vibrancy and fully enjoy the splendid image performance of HDR while maintaining your viewing comfort.

Caring for Your Eyes

Brightness Intelligence Plus Technology

Reduce Eye Strain in Any Lighting Environment

Brightness Intelligence Plus Technology (B.I.+ Tech.) detects ambient brightness and color temperature to adjust display settings, with soothing warm white for comfort and cool white for productivity.

TUV Rheinland Certification

Global safety authority TÜV Rheinland certifies EW3270U's High Contrast 3000 :1, Flicker-Free, Low Blue Light, and Brightness Intelligence Plus as truly friendly to the human eye.
