

SMS PRESENCE WALL/FLOOR MOTORIZED

- Perfect for large and heavy or touch sensitive displays up to 120 kg.
- Quick and easy installation thanks to the accurate factory assembly.
- Possible to mount also on regular walls.
- Stylish look of the installation, all cables and peripherals are hidden inside.

Smooth and stylish access for everyone – everywhere

Do you need to mount a large and heavy display or touch sensitive display on a regular wall? With a quick, easy and stylish installation too? **SMS Presence Wall/Floor Motorized** makes it all possible, a perfect support in the lobby area or conference room.

SMS Presence Wall/Floor Motorized combines our unique Presence solution which completely hides cables and peripherals inside the body of the stand, with a smart design that shifts the weight to the floor.

It doesn't matter if the user is very tall, a child or wheelchair carried, everyone can reach thanks to the soft motorized height adjustment. The display can be locked with a padlock or the accompanying locking pin, giving increased protection from theft and personal safety.

Everyone can reach

This ensures that the stand itself uses very little floor space and you can mount very heavy displays on a regular wall.

QUESTIONS AND ANSWERS:

How do I gain access to the cables and equipment inside the product?

- Removable covers on the front of the product make it easy to gain access to cables and other media equipment.

Is my camera equipment compatible with the bracket?

- Yes, the product can be used with any camera. A camera shelf is sold as accessory which can easily be mounted above the display.
