

# F90-W13

13,000 lumens, WUXGA, DLP laser phosphor projector

- Solid performance, 24/7
- Ultimate installation flexibility
- Increased uptime, reduced costs

The excellent image quality and laser phosphor light source of Barco's F90 projectors enable you to provide stunning experiences while saving both time and money. Designed for installation in everything from high demanding visitor attractions to simulation applications that require 24/7 operation, the reliable F90-W13 is equally suited for events, retail and advertising as well as boardrooms and auditoriums. Thanks to its 3D functionality, the projector is also perfectly fit for theme park dark rides and interactive experiences.

### Excellent image quality

Thanks to its advanced optical design, the F90-W13 delivers excellent image quality. What's more, this reliable projector also offers images with constant light output, for long-term, worry-free operation.

### Unprecedented business value

The F90-W13 projector enables you to increase uptime while driving costs down. Through its laser-phosphor light source and advanced cooling design, it provides up to 40,000 hours operating time without need for lamp changes - resulting in considerable cost-savings on maintenance and consumables.

### Ultimate installation flexibility

This projector can run in any orientation, giving you more flexibility in projector location and orientation. Thanks to its wide array of high-resolution FLD and FLD+ lenses - from ultra-short throw (0.28:1) to long throw (9.75:1) - each providing a wide lens shift range, the F90-W13 accommodates almost any projector configuration.
