DESIGNED FOR BIG ROOMS AND EVEN BIGGER IDEAS

Logitech GROUP

GROUP, the amazingly affordable video conferencing system for mid to large-size conference rooms, allows any meeting place to be a video collaboration space.

USB plug-and-play connectivity makes GROUP a breeze to deploy and use. It works within your own familiar computing environment with any video conferencing software application.

Razor sharp video and a beautifully designed full-duplex speakerphone deliver an outstanding collaboration experience.

Simply connect a laptop and start a meeting, or use the state-of-the-art speakerphone with a *Bluetooth*® wireless technology enabled mobile device for professional quality audio calls.

Logitech GROUP

GROUP Room Set-up

GROUP + Expansion Mics Room Set-up

Video Conferencing Elevated.
GROUP, our video conferencing solution for groups of 14–20 people, delivers high quality HD video and crystal clear audio, allowing any meeting place to be a video collaboration space. With advanced features like acoustic echo cancelation, noise reduction, and intuitive controls now it's easier than ever to include everyone in the conversation.

Video Collaboration Made Simple.
USB plug-and-play connectivity makes GROUP easy to use. Simply connect a laptop to conduct life-like meetings within your own familiar computing environment for use with any video conferencing software application. Plus, you can use the state-of-the-art speakerphone with a *Bluetooth* wireless technology enabled mobile device for professional quality audio calls.

Our Meeting Space. Your Way.
GROUP offers the flexibility to customize conference room set-up with multiple camera mounting options. Use the camera on the table or mount it on the wall with included hardware. The bottom of the camera has a standard tripod thread for added versatility. Conference participants can clearly converse within a 6m/20-foot diameter around the base, or extend the range to 8.5m/28-foot with optional expansion mics.

For razor sharp close-ups, the GROUP camera offers 10x lossless zoom enabling your team to see every detail with outstanding resolution and clarity.

Logitech GROUP

HD 1080p Video quality at 30 frames-per-second
Brings life-like full HD video to conference calls, enabling expressions, non-verbal cues and movements to be seen clearly.

H.264 with Scalable Video Coding (SVC) and UVC 1.5
Preserves PC processing and battery power by putting video processing within the camera adjusting dynamically to available bitstream. The result is a smoother video stream in applications like Microsoft® Lync® 2013, Skype for Business and in Windows® 8 and Windows® 10.

90° Field of view with mechanical 260° pan and 130° tilt
The generously wide field of view and silky smooth pan and tilt controls enhance collaboration by making it easy to see everyone in the room.

10x Lossless HD zoom
Zero in on close-ups of objects and whiteboard content with outstanding detail and clarity.

Autofocus
High-precision lens automatically focuses on people and objects to deliver razor-sharp resolution wherever the lens is pointed.

Far-end camera control[1]

5 Camera presets

Plug-and-play camera setup

Full-duplex speakerphone
Hear and be heard with lifelike sound that's crisp, clear, and highly intelligible. Plus the cast metal base console features advanced audio and intuitive controls.

Spacious audio
Participants can converse within a 6m/20-foot diameter around the speakerphone and be heard so clearly by remote participants that it seems like conversations are happening in the same room.

Beam-forming technology with four omni-directional mics
Conversations sound realistic and natural by minimizing sound reflections (reverb) and distracting audio artifacts.

Acoustic echo cancelation
Advanced acoustic engineering reduces echo, making calls sound more natural.

Noise reduction technology
Ambient noises and other distracting tones are suppressed to support comfortable, natural-sounding conversation on both ends of the call.

High bandwidth HD audio

Visual call status indicator

LCD displays Caller ID and other info[2]

Plug-and-play speakerphone setup

Compatible with Mac® and PC
Simply connect a PC or Mac® to conduct meetings within the user's own familiar computing environment.

Works with most UC and video conferencing applications
Users are free to use the desktop video conferencing program of their choice.

Professional-grade certifications
Leading business certifications (Optimized for Microsoft® Lync® 2013, Certified for Skype for Business, Cisco Jabber® and WebEx® compatible[4]).

Tight integration with top cloud communication apps
Enhanced integration with Logitech Collaboration Program (LCP) members[5] ensure an integrated experience with most business-grade videoconferencing platforms.

***Bluetooth* wireless technology and Near Field Communication (NFC) technology[3]**
Connect the speakerphone to a *Bluetooth* wireless technology enabled device for great-sounding audio calls, or pair NFC-enabled mobile devices by simply bringing them close together.

Multiple camera mounting options and device setup configurations

PTZ – pan, tilt and zoom – software app

GROUP
The amazingly affordable video conferencing system for mid- to large-sized meeting rooms, allows any meeting place to ba a video collaboration space.

Optional expansion mics
Expand the conversation area from 6m/20-foot to 8.5m/28-foot so that even those away from the speakerphone can be clearly heard. Microphones, sold in pairs, are automatically recognized and configured by simply plugging them into the speakerphone.

Dockable remote control
Operate camera pan, tilt and zoom, volume up/down and answer/hang-up[6] functions on the base speakerphone console or with remote control that docks in console when not in use.
