

Two screens in one. Biformat is designed to satisfy the most demanding spectators of home cinema. Inside the same case are two distinct projection surfaces of different formats, bordered with special non-varnished anti-reflective black edges. These enable to enhance the contrast of the projected image much more effectively than traditional 3 or 5 cm edges. In addition to being positioned in direct contact with each other, to avoid focus loss, the projection surfaces are fixed to the roller, so as to eliminate the risk of horizontal crease marks. Furthermore, the front drop of the surface and the vertical alignment of the rollers ensure planarity. The motorized rolling is controlled through a wall-mounted remote control or an integrated radio receiver.

Worthy of note is the white (RAL 9016) case, with brushed aluminium lateral ends, which completely mask the screws. Owing to the practical anchoring system, use is immediately possible.

Motorized & Manual Screens

Create your own screen with the PSS:

- > **personalized dimensions:** width
- > **roller type:** standard motorized or radio integrated
- > **case:** available only with case
- > **case color:** available only in white with brushed aluminium lateral ends
- > **projection surfaces:** ReferenceWhite, ReferenceGrey, VisionWhite, VisionWhitePro, VisionAcoustik, VisionRear and VisionRear DB, available also with black borders with exception of VisionRear and VisionRear DB
- > **special option:** Deco Print
- > **height of top:** from 10 to 40 cm
- > **projection surface drop:** front only
- > **side of command/motor:** right only

Standard accessories:

- > kit with wall -or ceiling- quick mount brackets
- > 2 unipolar selector switches
- > remote control for radio integrated screens

Optional accessories:

- > receiver and RF remote control for motorized screen (3 modalities: basic, automatic and compatible with domotic systems)
- > receiver and infrared remote control
- > bracket extensions for screens up to 60 cm

All you need to do is choose among the numerous formats available.

- > 1.33 NTSC PAL 4:3
- > 1.66 Wide European
- > 1.78 HDTV 16:9
- > 1.85 Wide
- > 2.35 Cinemascope 21:9
- > 2.40 Panavision
