BenQ Monitor GW2780T

BenQ GW2780T 27-Inch Height Adjustable Eye Care Monitor for Home and Office

Increase Productivity for Learning & Working @ Home

The GW2780T with 27-inch screen and eye-care technologies, which can be easily connected to laptops, tablets and smart phones as external display, can help children and parents relieve eyestrain and stay focused while studying or working at home.

Texture

Prominent texture, etching resists fine scratch whorls with a luxurious touch.

Height Adjustment Stand

Study with the Correct Seating position with an ergonomic design that can be customized for height, tilt, pivot, and swivel. Add the image of GW2780T Height adjustment stand here.

Cable Management System

Invisible cable management system neatly hides all wires inside the monitor stand for the cleanest look.

Understated, Stylish and Sophisticated Design

HDMI connectivity, BenQ GW2780T LED monitor delivers every image detail with the best viewing quality. Complementing BenQ's exclusive Eye-Care™ Technology with Low Blue Light Technology and Flicker-Free performance for extended viewing comfort, the industry-leading Brightness Intelligence Technology delivers exquisite details in any ambient lighting environment. There's also new considerate ePaper and Color Weakness Modes to offer comfortable views. Built with the dream combination of LED with IPS panel, GW2780T is bound to bring a whole new visual experience and enjoyment to you with truly authentic colors, deeper blacks and sharper details.

Exclusive Brightness Intelligence Technology (B.I. Tech.)

The light sensor detects ambient light and the brightness and contrast of screen content. Then, it adapts brightness and enhances dark areas on your display without overexposing bright regions. Brightness Intelligence is a smart feature for your display.

Eliminate Eye Strain in Any Ambient Light

Brightness Intelligence Technology (B.I.Tech.) monitors ambient light in your viewing environment and actively adjusts screen brightness for the most comfortable viewing experience possible.

Flicker-Free Technology

The exclusive BenQ Flicker-Free Technology eliminates the harmful flicker of traditional LCDs to prevent fatigue and vision damage.

Enjoy the Visuals while Going Green

Green Certification Assurance

BenQ's GW2780T is certified TCO Certified and EPEAT to facilitate environment-friendly purchasing decisions for businesses, institutions, and government.

TUV Rheinland Certification

BenQ's eye-care monitors are certified by TÜV Rheinland, the global leader of technical and safety certification, for Flicker-Free, and Low Blue Light that are truly benefitting human vision. Being the first brand of Eye-Care monitors in the world, BenQ is committed to safeguard vision health at the forefront of viewing comfort and enjoyment with this permanent addition to its monitor product line.
