EB-L775U

4K Enhancement	3 YR	16:6	500 / 50
2,500,000:1	DICOM SIM	HDBaseT	2x HDMI
LASER	30,000 hours (Eco)	7000 lm	10 W
	WiFi® Optional		

Laser projector with a brightness of 7,000 lumens, ideal for use in education, business environments, and venues with attractions for visitors.

Exceed your vision with Epson's compact 3LCD laser projector, which delivers sharp and smooth images in 4K resolution. The EB-L775U projector offers efficient, practical, and creative applications for projection in various industries.

Bright and cost-effective projection
The EB-L775U projector provides high-quality images and a more attractive and effective display even in brightly lit spaces, thanks to its exceptional brightness of up to 7,000 lumens and 4K resolution, as well as affordable lens shift capability. The EB-L775U projector can display images ranging from 50 to 500 inches diagonally while maintaining a clear and vibrant picture, full of stunning details.

Superb connectivity
The projector offers a variety of connectivity options. It supports BYOD (Bring Your Own Device) connectivity with optional wireless or wired connections, as well as HDBaseT. It features an automatic MTR (Meeting Room) power-on function with HDMI signal detection. The EB-L775U projector is equipped with future-proof connectivity options, including HDMI and HDBaseT interfaces, as well as a built-in multimedia player. It is compatible with iProjection software for easy connectivity with mobile devices and content sharing.

Easy and flexible installation
360-degree installation without compromising image quality supports ultra-wide aspect ratios of 21:9 and 16:6, lens shift, and HDMI output. The projector offers advanced features for projection with multiple computers, typically expected from more powerful and expensive models. Edge blending with the optional ELPEC01 camera enables simple image stacking/compositing functions. It is also available in white.

Worry-free operation and long-lasting durability
Longer and highly reliable projections with extended lifespan of up to 30,000 hours in eco mode (20,000 hours in normal mode).

KEY FEATURES

- **7,000 lumens of brightness**
  Sharp images and vibrant colors even in well-lit rooms

- **4K resolution**
  Sharp images in 4K resolution for excellent clarity

- **BYOD connectivity**
  With optional wireless or wired connection and HDBaseT.

- **Easy and flexible installation**
  Lightweight and compact design with a wide range of lens shift

- **Large image**
  Ability to adjust the diagonal size of the image up to 500 inches
